Case Study – Group & Health Finance & Valuation Exam

Introduction

In this case study, you are the President at the Skyfall Actuarial Consulting firm (Skyfall or Firm). The case study will outline the characteristics of the Firm and provide details regarding the various current clients and prospective clients of Skyfall.

All numbers found in this case study are for illustrative purposes only and are not representative of true costs or actual relationships. Any similarities with actual company results are coincidental. Plan design and plan limitations for a given plan year may not be in compliance with current year guidance, regulations, or laws.

Firm Description

Skyfall is a medium-sized consulting firm that was founded in 1965 in London, Texas and provides actuarial services to life and health insurance companies, state and federal regulatory agencies, and employers. The Firm's staff consists of over 50 actuaries that are located in the United States. The firm employs several actuarial students, who assist in daily tasks and client management. Skyfall is committed to the development and training of future actuaries, and this can be seen in the level of training and types of projects that actuarial students assist with.

Additionally, Skyfall has a location in London, Ontario, which provides actuarial services to clients, employers and insurance carriers in Canada. The Canadian office consists of over 25 actuaries that are located throughout Canada.

The Firm's areas of expertise include:

- Individual and Small Group Major Medical Plans
- Large Group Major Medical Plans
- Medicare Advantage and Part D Plans
- Medicaid Plans
- Retiree Health Benefit Plans
- Group Disability Plans
- Individual and Small Group Dental Plans
- Large Group Dental Plans
- Group Life
- Group Long-Term Care.

The corporate goal is to provide affordable and quality actuarial services to its clients to ensure that they have the tools to be successful in their business endeavors. Skyfall aims to build long-lasting client relationships and strives to provide excellent services for its clients. Due to its size, the Firm caters to individual client's unique needs and aims to exceed the client's expectations.

Skyfall's Clients

Quantum Health Insurance Company (Quantum)

Quantum Health Insurance Company provides individual and small group coverage to its policyholders. Since its inception in 1975, Quantum has provided health care services to individuals and small groups and actively seeks to improve the overall health of its members. Skyfall's services include the development and pricing of its products, regulatory compliance guidance, and valuation services.

Individual and Small Group Major Medical Plans

Quantum is actively selling individual and small group health insurance products in most states in the US. Quantum offers various benefit plan design structures; some of which are compliant with the Affordable Care Act (ACA). The products are sold through brokers and agents.

Quantum offers several types of major medical plans, such as HMOs, PPOs, and High Deductible Health Plans (HDHP), and some are still available for new business, while others are not. The closed block (no longer actively sold) is called Quantum Legacy III. The products that are actively being sold are the HMO and PPO products that are ACA-compliant.

Skyfall has been the opining actuary for Quantum and has been calculating the reserves for all blocks of business. The following exhibits are various tables used in the last reserve calculation exercise. The Company provided the paid claims data incurred between July 2018 and December 2019 with paid data through December 2019. These exhibits are various steps in the reserve calculation process.

Casino Royale Health & Life Insurance Company (Royale Health)

Large Group Products/Administrative Services Only

Royale Health, incorporated in 1980, offers coverage options for large group employers, including fully insured options and administrative services only (ASO) options. Health coverage plan options offered by Royale Health include medical and prescription plans, which are marketed primarily through agents and brokers. Royale Health has been successful in establishing its own preferred provider networks in the Midwestern states and has the second largest market share in the large group market of the Midwest Region. The medical plan portfolio includes PPO plans and qualified high deductible health plans (HDHP), which can be combined with a Health Savings Account (HSA). Royale Health also administers Health Reimbursement Arrangements (HRA) offered by employers. Royale Health's Board has expressed interest in expanding the company into new product markets. Royale Health has recently participated in preliminary discussions with a Canadian company, Pinewood Insurance Company about a potential merger.

Subject: Potential Merger

I have been approached by the CEO of Pinewood Insurance Company (Pinewood), located in Canada, for a possible merger. They are interested in expanding into the U.S., and we could gain from their product expertise. While we do have some overlap in product offerings, Pinewood has experience in some additional markets that we have no experience with.

As you can imagine, this potential merger is highly confidential. As we begin to explore this opportunity, I would like your help through the due diligence and, if necessary, negotiations of this possible merger. I have attached Pinewood's financial information for your review. To provide you with some background, I have also summarized below some of the information on Pinewood that I have thus far:

Pinewood is a large insurance company operating exclusively in Canada. Its corporate vision is similar to ours: to be a leader in the insurance industry, to earn a competitive return for its stockholders, to offer good value to its policyholders while operating in a financially sustainable way, and to attract and retain valuable employees.

Pinewood's primary product offerings include:

- Supplemental medical benefits.
- Group life,
- Disability insurance, and
- Ancillary products, including dental and vision.

Pinewood employs 2,000 people throughout Canada. From what I've gathered so far, Pinewood seems to have a strong reputation in their markets. However, they are interested in growing into other markets and possibly internationally.

I have attached Pinewood's financial information for your review. Please let me know what additional information you think we should seek out.

Thanks,
Le Chiffre

Goldfinger Insurance Company (GIC)

Medicare Advantage/Part D

Goldfinger Insurance Company provides Medicare Advantage Plans and Part D Plans (MAPD), Medicaid and CHIP plans to the applicable target groups. GIC is domiciled in Fort Knox, Kentucky. The only MAPD offering is a Dual-Eligible Special Needs Plan (SNP). Total membership in the MAPD program is roughly 50,000 members. Until recently, this product was available only in Kentucky; however, the program was expanded into parts of Tennessee in 2019. Membership in Tennessee is very low and little claims experience is available.

Skyfall provides actuarial support for GIC's Medicare products and aids in product design and bid submission, as necessary. The following are selections from the email correspondence between Goldfinger and Skyfall regarding the latest round of pricing.

Subject: Medicare Advantage Cost Sharing

Hello again, we can't thank you enough for performing so many "odd jobs" related to our Medicare Advantage products. You have certainly been essential to our success with the MAPD plan.

Our product development team has proposed waiving the skilled nursing facility (SNF) copay for the first four days and applying it instead to days five through eight. This is more in line with our primary competitor, and they believe it will increase new enrollment. However, I'm a little worried it might be too expensive. Please take a look at that and let us know whether we can make this change without losing too much on the profit side.

I wasn't sure what information you'd need, but I had Auric pull some historical information on the SNF benefit. I attached a summary of our historical experience with SNF length-of-stay, as well as the 2019 experience by benefit. The attached trend tables were published by a respected research group and they might be a good starting point for prospective trend estimates going forward. If you need anything else, don't hesitate to ask.

Thanks again,
Jill Masterson

 Subject: Dual-Eligible (DE) Inpatient Costs

Hello again! As you know, one important element of our Medicare Advantage bid development pertains to projected population changes. Because different demographics have very different costs, we have to project as accurately as possible the changes in both our revenue and our expenses due to aging, new enrollees, and other factors that represent a change in the demographic mix. The reviewers usually expect detailed documentation of our process, so make sure to keep that in mind as we develop those projections.

Since we are continually expanding, we want to keep a close eye on any major shifts in membership. Auric suggested that maybe our factors for some of those demographic characteristics might be too simplistic and recommended we look at the cost differentials for inpatient costs separately from other costs. He is still working on getting all of the data from the providers across the state, but below is our

admission experience for last year for one of our hospitals. Hopefully this will help you get a head start on projecting changes in cost. I have also included the factors we have used in the past for projected new enrollees, along with enrollment projections from our sales team.

Please start looking at this data, and we'll get you the data from our other providers as soon as possible.

Thanks, Jill

Enclosures:

Medicaid

GIC also participates in a Financial Alignment Demonstration contract with Kentucky and CMS, which began on July 1st, 2019. This demonstration will be carried out under the Capitated Model. The target population of the demonstration is limited to dual-eligible beneficiaries over the age of 80. As a result, the per-member per-month (PMPM) costs for the demonstration members are expected to be materially higher than average for the MAPD plan. The primary source of enrollment is pre-existing Goldfinger members. The majority of Goldfinger's members over the age of 80 have elected to participate in the demonstration due to its more generous benefits. Skyfall was asked to assist in the calculation of prospective capitation payments over the life of the demonstration. The past two years of income statements and balance sheets for GIC is provided below:

Live Twice, Inc. (Live Twice)

Live Twice, incorporated in Florida, is a mature firm that offers a generous retiree medical and pharmacy package to its union employees. The plan is fully insured with the employer fully subsidizing the premium for its retirees. Active employees, pre-Medicare retirees, and Medicare-eligible retirees pay the same premium. Live Twice's 2020 monthly rates and census data are given below:

Exhibit 1 - Monthly Rate	
Active & Retiree	\$455.00

Summary of active employees and retirees are provided in Exhibit 2 and Exhibit 3.

Exhibit 2 - Active Employee Data		
Headcount	Age (years)	Service (years)
225	30	8
110	40	14
70	50	22

Exhibit 3 - Retiree Data			
Headcount	Age (years)	Family Status	Spouse Age (years)
40	70	Married	65
30	70	Single	n/a
70	80	Single	n/a

Skyfall assists Live Twice in preparation of its financial statements for post-retirement benefits. The average cost of the retiree medical plan in 2018, as per Skyfall's estimates, is given in Exhibit 4 below:

Exhibit 4 - Retiree Medical Data	
Age (years)	Annual Cost Per Person (\$)*
60-64	10,200
65-69	2,600
70-74	2,950
75-79	3,250
80 +	3,750

Another Day, Inc. (Another Day)

Another Day, located in Toronto, Ontario offers medical and pharmacy coverage to its 400 active employees and 200 retirees. The plan is fully insured with the employer fully subsidizing the premium for its retirees.

Exhibit 1 - Monthly Rate	
Active & Retiree	\$185.00

A summary of the benefits plan is provided in Exhibit 2 below:

Exhibit 2 - Plan Provisions	
Benefit	Coverage Level
Life Insurance	\$10,000
Drugs	80% (\$1,000 annual OOP max)
Hospital	100% (semi-private)
Paramedical	100% (\$500 per calendar year per practitioner max)
Vision	100% (\$200/24 mth max)
Dental	No coverage
Emergency out of country	60 day max (\$500,000 lifetime max)
Other Medical	100%

Summaries of the employees and retirees of Another Day are provided in Exhibit 3 and Exhibit 4 below.

Exhibit 3 - Active Employee Data			
Headcount	Age (years)	Service (years)	Average Annual Salary (\$)
100	30	10	50,000
200	40	15	80,000
100	50	25	100,000

Exhibit 4 - Retiree Data				
Headcount	Age (years)	Average Annual Salary at Retirement(\$)	Family Status	Spouse Age (years)
50	70	80,000	Married	65
50	70	80,000	Single	n/a
100	80	80,000	Single	n/a

Another Day employs Skyfall Canada to assist with preparation of its financial statements for the post-retirement benefit plan.

The average cost of the retiree medical plan in 2020 was determined by the consulting firm as follows:

Exhibit 5 - Retiree Medical Data	
Age (years)	Annual Cost Per Person (\$)*
60-64	2,000
65-69	1,000
70-74	1,100
75-79	1,300
80 +	1,500

* Includes administration costs and taxes

Skyfall Canada also determined the actuarial present value of medical and life insurance benefits for active employees as follows:

Exhibit 6 - PV Future Benefits for Medical and Life Insurance Companies		
Age (years)	Medical Costs (\$)	Life Insurance (\$)
30	5,000	1,000
40	10,000	1,500
50	20,000	2,000
